Good Morning John,

I hope this email finds you well – it's Amanda Pennington here with my work hat on and not my Councillor one.

I have just started working for Wildanet, a Cornish internet company based in Liskeard that has had £50 million of investment to roll out a fibre optic broadband network to Cornwall. [Cornish Wireless Internet Service Provider Secures £50m Investment - Cornwall & Isles of Scilly Investment Fund \(ciosif.co.uk\)](#)

Wildanet is also creating a number of new jobs in Cornwall, so it's a very exciting times here at the moment – knowing we are creating well paid, local jobs and providing gigabit connectivity where Cornish communities may have been poorly served in the past. Wildanet will start the fibre roll out in Liskeard on the 5<sup>th</sup> March, and then be moving towards South soon afterwards. I am currently engaging with stakeholders in the area to try and make people aware of the roll out. One of our ideas is to offer a free superfast internet connection to every Town and Parish Council in Cornwall in the place that they would usually meet - once Covid does one and we can hold meetings again. It would be great if I could come along to one of your meetings soon to talk to your Councillors about our plans.

I look forward to hearing from you soon,

Kind regards,  
Amanda Pennington  
Wayleaves Manager.
